Last Group Project

Last Group Project

	1	2	3	4	5	6	7	8
A	Burton	Talley	Davies	Bowers	Demase	Burke	Currin	Thayer
	Highman	D'Augustine	Taylor	Knowles	Ho	Maier	Malhotra	Heitzer
B	Regione	Zhang	Howell	Ha	Tran	Roithmayr	Pham	Walsh
	Messick	Rhyner	Nassery	Dahiya	Duffy	Merrow	Slack	Hughes

Group Project ?

- Divide into teams [1, 2, 3, ... 8]
- Each team does two projects
- Choose previous group project to redo in Java:
  - pair A chooses either of their group picture projects
  - pair B chooses either of their sound projects
- SWAP - implement each other's project
  - pair A will implement B's sound project
  - pair B will implement A's picture project

Group Project

- Interim:
    - read other's Python code
    - figure out how it works
    - due next Friday at end of Lab:
        - copy of Python version of project
        - Java code written so far
- Final: due Monday 12/08 at 10:00 AM
    - working picture and sound project in Java + picture and sound files to make work

Group Project

- Grading
  - interim (next Friday): Java code written so far
    - no code = -5 pts on project grade for each (picture or sound) project
    - code compiles = 0 pts
    - fully working = +3 pts on Final Exam (extra credit!) for each (picture or sound) project
  - Final(12/08): working picture and sound projects in Java + picture and sound files to make work
