Computer Science Prerequisite Form

Name ____________________________________ Student ID ______________________
(last, first -- printed)

This form applies to my enrollment in CS ___________.

1. Mark all of the following that apply to you, including double major:
   ___ CS major     ___ CpE major
   ___ CS minor     ___ Other major: __________________

2. Indicate your class level:
   ___ Freshman (10)     ___ 5-Year BS/MS (46)
   ___ Sophomore (20)    ___ Special Student (6X)
   ___ Junior (30)       ___ Masters (70)
   ___ Senior (40/45)    ___ Ph.D. (80)

3. If a specific class level is a prerequisite to this course, indicate the required class level. Then list all prerequisites to this course and your grade in each. If you cannot remember your exact grade, can you guarantee that the grade was >= C (2.0)?
   ___ Junior standing   ___ Senior standing

Computer Science Prerequisite Policy:
CS majors and minors must have >= C (2.0) in all CS courses that are prerequisites to another CS course they take. Note: C- (1.7) does not satisfy this prerequisite rule.

CpE majors who are not CS minors must meet the ECPE Department’s minimum grade requirement in the prerequisite course(s) or have written permission from their department to take the course.

The Computer Science Department rigorously enforces the prerequisite requirements for all courses. Any student not meeting these requirements and not obtaining written permission from the course instructor to remain in the course must withdraw from the course within the first week of classes. Any student who is subsequently found to not meet these requirements will be subject to an honors violation report on the basis of falsification of qualifications. Instructors are not bound to investigate the records of students to ascertain their prerequisite status; this is the student’s own responsibility.

- Anyone receiving an "incomplete" in a prerequisite course is not considered to have completed that course.
- Students who were permitted by the Dean’s office to defer the final examination of a prerequisite course for medical or personal reasons must consult with the instructor of the subsequent course and obtain written permission before continuing in the class.
- Students anticipating a change of grade in a prerequisite course resulting in being qualified to register for the current course must submit a copy of the change of grade form to the instructor within the first week of classes.

Knowing that it is an Honor System violation to give incorrect information about my academic record, I confirm that I meet all the prerequisites to this course and have the minimum grade(s) required based on my major and minor.

_____________________________  ____________________________
(Signature)                   (Date)

If you have the instructor’s permission to take the course without meeting all the prerequisites, you must obtain the instructor’s signature below signifying an exception has been made.
