User Survey for Interface _____

Instructions. Provide a rating for each question based on the demo. Under each question, list specific aspects of the design that you considered in your response and indicate how they support your rating decision with words like "lacking," "enabled by," or "effective." Example, "enabled by flashing icons" or "confusing red deadlines") . Continue comments on the back.

	Strongly Disagree	Disagree	Slightly Disagree	Neutral	Slightly Agree	Agree	Strongly Agree
1. The interface effectively supports rapid reaction to important information:	❑	❑	❑	❑	❑	❑	❑
2. It is easy to distinguish important from non-important information:	❑	❑	❑	❑	❑	❑	❑
3. Appropriate reactions to the interface are obvious and intuitive:	❑	❑	❑	❑	❑	❑	❑
4. The interface instilled confidence that all important items were seen:	❑	❑	❑	❑	❑	❑	❑
5. It is obvious when a reaction to information in the interface is more important than continuation of the current task:	❑	❑	❑	❑	❑	❑	❑
6. The interface provides an overall sense of the information:	❑	❑	❑	❑	❑	❑	❑
7. The interface provides an ability to detect and understand clusters in the information:	❑	❑	❑	❑	❑	❑	❑
8. The interface supports easy understanding of how information changes over time:	❑	❑	❑	❑	❑	❑	❑
9. The interface supports easy understanding of links between different types of information:	❑	❑	❑	❑	❑	❑	❑
10. The interface provides these overall understandings of information in a non-intrusive manner:	❑	❑	❑	❑	❑	❑	❑
11. Important new information can be quickly recognized and accessed, and it is possible to stay aware of all information without losing your place in the document:	❑	❑	❑	❑	❑	❑	❑
