Heuristic Evaluation for Interface

**Instructions.** Provide a rating for each heuristic based on the demo. Under each heuristic, list specific usability concerns of design elements that you considered in your response and indicate how they support your rating decision with words like “lacking,” “enabled by,” or “effective.” Example, “enabled by flashing icons” or “confusing red deadlines”). Continue comments on the back.

1. The interface supports timely delivery of notifications—users get them when desired
   - [ ] Strongly Disagree
   - [ ] Disagree
   - [ ] Slightly Disagree
   - [ ] Neutral
   - [ ] Slightly Agree
   - [ ] Agree
   - [ ] Strongly Agree

2. Presentation of notifications reliably prompts appropriate and necessary reactions
   - [ ] Strongly Disagree
   - [ ] Disagree
   - [ ] Slightly Disagree
   - [ ] Neutral
   - [ ] Slightly Agree
   - [ ] Agree
   - [ ] Strongly Agree

3. Notification display is consistent with expected level of notification priority and item urgency
   - [ ] Strongly Disagree
   - [ ] Disagree
   - [ ] Slightly Disagree
   - [ ] Neutral
   - [ ] Slightly Agree
   - [ ] Agree
   - [ ] Strongly Agree

4. Information is clearly understandable by the user, providing enough details
   - [ ] Strongly Disagree
   - [ ] Disagree
   - [ ] Slightly Disagree
   - [ ] Neutral
   - [ ] Slightly Agree
   - [ ] Agree
   - [ ] Strongly Agree

5. The interface provides shortcuts to any important supplementary information
   - [ ] Strongly Disagree
   - [ ] Disagree
   - [ ] Slightly Disagree
   - [ ] Neutral
   - [ ] Slightly Agree
   - [ ] Agree
   - [ ] Strongly Agree

6. Users can predict when new notifications will be introduced, allowing natural breaks for viewing
   - [ ] Strongly Disagree
   - [ ] Disagree
   - [ ] Slightly Disagree
   - [ ] Neutral
   - [ ] Slightly Agree
   - [ ] Agree
   - [ ] Strongly Agree

7. Continuous notifications are presented in a manner that allows quick understanding of how much is being presented and when it will recycle
   - [ ] Strongly Disagree
   - [ ] Disagree
   - [ ] Slightly Disagree
   - [ ] Neutral
   - [ ] Slightly Agree
   - [ ] Agree
   - [ ] Strongly Agree

8. Customization options allow adjustment of notification parameters to fit user goals
   - [ ] Strongly Disagree
   - [ ] Disagree
   - [ ] Slightly Disagree
   - [ ] Neutral
   - [ ] Slightly Agree
   - [ ] Agree
   - [ ] Strongly Agree

9. The notification system interrupts a primary task in a valuable and important way
   - [ ] Strongly Disagree
   - [ ] Disagree
   - [ ] Slightly Disagree
   - [ ] Neutral
   - [ ] Slightly Agree
   - [ ] Agree
   - [ ] Strongly Agree

10. The notification system supports all user goals related to the notification information
    - [ ] Strongly Disagree
    - [ ] Disagree
    - [ ] Slightly Disagree
    - [ ] Neutral
    - [ ] Slightly Agree
    - [ ] Agree
    - [ ] Strongly Agree

11. The notification system supports all user goals related to maintaining primary task performance
    - [ ] Strongly Disagree
    - [ ] Disagree
    - [ ] Slightly Disagree
    - [ ] Neutral
    - [ ] Slightly Agree
    - [ ] Agree
    - [ ] Strongly Agree
