

Date: Tuesday, Oct 23 2:00pm to 3:15pm
Location: MCB 216 (Usual classroom)

Format:

The midterm exam will consist of 3-5 questions.

It will be open book, open notes, but closed computer/without wireless access.

You are responsible for the content of lectures 1 through 5 as well as the following papers, from which questions will be drawn primarily:

- Eraser
- Duality of OS structures
- RCU
- Capriccio
- Tame
- VTRR Scheduling
- Exokernel
- HiStar
- OS Support for VM
- Xen
- VMware ESX

There are 3 sample midterms on the class website in the Documents section.
